INSTRUCTIONAL PLANNING, PREPARATION, AND DEPLOYMENT

March 16-20, March 23-27, May 1-31, June 1-July 27,
July 28-August 27, August 28-September 25, September 26-October 23, October 24-
November 13, November 14-December 11, December 12-January 22

- On Monday, March 16th, faculty began the transition of all courses to the online, digital format, in order to go live by March 20th.
- Health Professions programs immediately moved forward so that clinicals could be done according to the guidelines. Hospitals began to restrict entrance...except for Scenic Mountain Medical Center and the VA in Big Spring and Shannon Medical Center and San Angelo Community Medical Center in San Angelo. Nursing homes restricted access. Other health entities did the same. Health Professions faculty designed clinical rotations around the clock to get as many clinical hours for students as possible, not knowing what the future would hold. The weekend of March 20th, the Governor issued directions to relax some guidelines so that health professions students could be prepared to enter the workforce quickly. NCLEX testing sites for nurses will be expanded across the nation to provide increased opportunities for students to test upon graduation.
- Dental Hygiene continued with online, using Zoom for classroom. Clinicals will not be held until April 21st following signed mandates from the Governor. It could possibly be summer before clinical hours can be completed for this program. Dental Hygiene Clinical Boards have been postponed.
- Faculty participated in professional development provided by the eTrainers and collaborated on ways to enhance the online format. The biggest challenge was how to approach those courses with hands-on training such as welding, etc. The plan was to begin delivering those opportunities in small groups by March 30th. As time has advanced, extensions of some courses for a few weeks may be the better solution.
• On March 20th, the plan for each course was posted and an alert was sent to each student to check the online format for their schedule beginning on March 23rd.
• Links to resources were added to Blackboard.
• Working with Correctional Facilities relative to instructional delivery.
• Creation of faculty resources page for faculty transitioning to online instruction.
• Libraries sharing national research guide with COVID-19 resources and also developing interactive databases for faculty to use with various courses.

This may occur by uploading a photo of the documents (including from a smartphone), PDF, or other similar electronic document through a secure school portal, by email, etc.

Under the guidelines, colleges can still pay students through the Federal or state work study program as long as the college is paying other faculty and staff.

HOWARD COLLEGE – COVID-19 RESPONSE

OPEN HOWARD COLLEGE

Beginning in early 2020, the college began monitoring and sharing information concerning COVID-19 with the college community. During Spring Break, the college activated its COVID-19 Response Team as concerns heightened about the spread of the virus across the country. Decisions were made to protect the health and safety of all as we delayed the break for another week and quickly transitioned to an online instructional format with a few exceptions. As the situation evolved and emergency status was enacted at the national, state and local levels, Howard College has been following Presidential, Governor and local authority Orders and guidance which have allowed for the college to operate during this time of emergency in an altered operations status. Multiple decisions have been made as we worked through the spring semester and planned for the summer and fall semesters. To guide our journey, Howard College developed the Open Howard College Strategic Plan https://howardcollege.edu/wp-content/uploads/PDF/Consumer/COVID/Open%20Howard%20College%20Strategic%20Plan.pdf and will continue to use and update its resources as we move forward. We have advanced through three phases of reopening as we planned for Phase IV which began on August 9. Our plan is devised so that we can adapt as the situation changes. This document is the condensed version. Please read it carefully. All individuals in the college community must do their part to make this work effectively. We will continue making decisions based on the guidance of authorities to do what is best for the health and safety of all. Thus, definitions and protocols will change accordingly. Significant penetration of COVID-19 in the area will be monitored and can result in tighter restrictions with the reverse action in areas of low penetration as allowed by state guidelines.

We are ready for Making Dreams Real! ARE YOU READY? TIME TO FLY!!!

### CAMPUS HEALTH

3. **Campus Health Protocols**
   a. **Face coverings** over the face and mouth are required. Because social/physical distancing cannot be totally achieved due to changing dynamics in classrooms, campus meetings and other public spaces, masks are required. Due to unexpected encounters, individuals should wear masks in restrooms, break rooms, elevators, hallways and on stairwells. Clear face shields may be used by faculty for lecture purposes and employees/students for accommodation purposes. If social/physical distancing cannot be achieved, a mask should also be worn. When working alone in an office or isolated space, behind a plexiglass barrier when distanced or outside when distanced, face coverings will not be required. The college will follow the Governor’s Order concerning face coverings: [https://gov.texas.gov/uploads/files/press/EO-GA-29-use-of-face-coverings-during-COVID-19-IMAGE-07-02-2020.pdf](https://gov.texas.gov/uploads/files/press/EO-GA-29-use-of-face-coverings-during-COVID-19-IMAGE-07-02-2020.pdf). Non-medical grade face coverings have been and will be provided by Howard College for all employees or students. Eye goggles will also be required in certain lab situations. The first pair will be provided.

   b. **After conducting the individual self-screening** before coming to campus, individuals will be expected to secondary screen by checking in at the stationary thermal/sanitation stations located in multiple campus buildings.

   c. **Screening checks** will be implemented at the beginning of the workday by the supervisor or designee for children enrolled in Howard Cottage as well as their families.

   d. In the case of Health Professions and Cosmetology programs, screening and face covering protocols will follow clinical and state guidelines for both students and clients. Face coverings will be provided by the college in these locations.

   e. **Any individual showing signs of possible COVID-19 infection** will be sent home or asked to leave campus to seek appropriate medical care. A contractor or lessee with an affected employee will be asked to follow the same protocol in the section above that will be followed for college employees and students.
f. **Individuals should strive to maintain at least 6 feet separation** from other individuals not within the same household. If such distancing is not feasible, other measures such as **face covering, hand hygiene, cough etiquette, cleanliness, and sanitation** should be rigorously practiced.

g. **Wash or disinfect hands upon entering campus and after any interaction** with employees, students, the public, or items in the work center.

h. **Limit the use of standard-size elevators** to four individuals at a time, each located at a different corner of the elevator, to avoid close contact. For individuals not wishing to ride an elevator, stairways may be used. As appropriate, individuals subject to the Americans with Disabilities Act may ride the elevator alone or accompanied by the individual's caregiver.

i. **Social/physical distancing practice of six feet in lines or spaces** should be followed according to state guidelines.

j. **Plexiglass barriers are used to maintain distance** and should be respected.

k. **Air purifiers are placed in high-traffic areas.**

9. **Notifications**
   a. As appropriate, faculty, staff, students, families and the public will be notified of campus and building closures, class and event cancellations, modified class schedules and any restrictions in place to limit COVID-19 exposure.
   b. In accordance with applicable federal, state and local laws and regulations, the college will notify local health officials, faculty, staff and students immediately of any case of COVID-19 while maintaining confidentiality in accordance with the Americans with Disabilities Act (ADA), FERPA and other applicable laws and regulations. Due to the small numbers of individuals on our campuses, the campus community is reminded of the importance of privacy and the need to handle reported cases professionally. Since there are a significant number of active cases in the communities of all campuses, it will be noted on the website that active cases exist and individuals should assume that and follow all protocols accordingly. The college has implemented a dashboard [https://howardcollege.edu/covid-dashboard/](https://howardcollege.edu/covid-dashboard/) on its website. The information will be updated every Friday afternoon. Please read the definitions for clarification.  
   c. When the college is made aware of a confirmed case, exposure to confirmed cases and potential exposure, the college will implement contact tracing on campus based on the best information it has and will inform individuals affected and sanitize appropriate locations. Thus, individuals are asked to be mindful of their contacts and places of occupancy while on campus. The college will inform those who have had close contact with a person diagnosed with COVID-19 to quarantine/stay home or in their living quarters, to consider testing or require it in some instances, self-monitor for symptoms, and follow CDC guidance if symptoms develop.
Any employee concerns should be directed to their supervisor and/or the Director of Human Resources. Any student concerns should be directed to the campus student services officer.
