Career Opportunities

Undergraduate courses in the Department of Psychology and Sociology emphasize contemporary theories, research and the useful application of knowledge to current problems experienced by people, both individually and collectively. Students receive hands-on training and have access to the department's simulation lab, which allows them to participate in scenarios similar to what they will experience in the field.

A psychology degree can prepare you for various careers in settings that include:

Federal, state and local government agencies

Non-profit organizations

Educational institutions

Retail stores or manufacturers

Public and private human services organizations

Human resource departments

Consulting and marketing research firms

Military
