

Pediatric Advanced Life Support

Workforce and Continuing Education Course

San Angelo Campus

Pediatric Advanced Life Support INITIAL CERTIFICATION - RNSG2002 RENEWAL - NFPA1002

Course Description

PALS course is designed for healthcare professionals who either direct or participate in the management of respiratory and/or cardiovascular emergencies and cardiopulmonary arrest in pediatric patients. The PALS course is to improve the quality of care provided to seriously ill or injured children, resulting in improved outcomes.

Learning Outcomes

- Perform high quality child CPR/AED & infant CPR per AHA Basic Life Support recommendations.
- Recognize cardiopulmonary arrest early
- Differentiate between respiratory distress and failure, and perform early interventions for both and between compensated and decompensated (hypotensive) shock, and perform early interventions for the treatment of shock.
- Differentiate between unstable and stable patients with arrhythmias; and apply team dynamics.

Prerequisites:

- Obtain an PALS Book and pass Precourse Self-Assessment with a score of 70% or higher.
- Refresh on course content prior to class
- Present a **current PALS card (FOR RENEWAL ONLY)**
